

Dear Friends,

We are pleased to offer this easy-to-use deciduous tree catalog. This is just a small sampling of trees found at our nursery location.

This is and will continue to be a working document as we strive to bring the best to our nursery!! Check back often for updates and new varieties. We hope this will be a helpful tool for you to use.

Our Best To You and Your Gardening!

Roses

Rosa x 'Adelaide Hoodless' Adelaide Hoodless Rose

Height: 4'-5' Width: 4'-5'

Flower Color: Red Bloom Time: June - September

Shape: Broad arching Hardiness: Zone 3

An extremely floriferous and vigorous shrub rose. Flowers in clusters of up to 25 slightly fragrant semi-double red blooms. Fine-textured, glossy dark green foliage. The stems are arching to about 5'. Develops a beautiful form after several years. Resistant to mildew. Full sun. Recurrent.

Rosa x 'Alex MacKenzie' Alex Mackenzie Rose

Height: 5'- 6' Width: 5'- 6'

Flower Color: Dk. pink Bloom Time: June - September

Shape: Upright Hardiness: Zone 4

A tall, upright shrub with dark pink to red, cup-shaped flowers. The 2 1/2"-3" semi-double flowers occur in clusters of 6-12 blooms. Full sun. Recurrent.

Rosa 'MEIdomonac'(PP5105) Bonica™ Rose

Height: 3'-5' Width: 4'-5'

Flower Color: Pale pink Bloom Time: June - September

Shape: Upright arching Hardiness: Zone 4

Masses of pale pink, double flowers on sturdy arching stems. Glossy, dark green foliage. Bright orange-red hips last into winter. Full sun. Everblooming.

Rosa x 'RADsun' (PP13,063) Carefree Sunshine™ Rose

Height:3'- 4' Width: 3'-4'

Flower Color: Med. Yellow Bloom Time: June - September

Shape: Rounded Hardiness: Zone 4

A lovely new shrub rose with bright, non-fading, single lemon-yellow blooms to 3 1/2" across, borne in clusters of 3-5. Very disease resistant and glossy medium green foliage. Full sun. Everblooming.

Rosa x 'MEIpitac'(PP7783) Carefree Wonder™ Rose

Height: 4'- 5' Width: 4'- 5'

Flower Color: Pink Bloom Time: June - September

Shape: Open rounded Hardiness: Zone 4

Floribunda: An attractive and hardy shrub rose with 2 1/2"-3" bright hot pink blooms. The semi-double blooms show a splash of white at the base of each petal giving a showy bi-color effect. Bright green disease resistant foliage adds to the charm of this prolific bloomer. Orange hips in the fall. Full sun. Everblooming.

Rosa x 'Cuthbert Grant' Cuthbert Grant Rose

Height: 3'- 4' Width: 3'- 4'

Flower Color: Red Bloom Time: June - September

Shape: Broad upright Hardiness: Zone 3

An upright growing, medium sized shrub. The 4" double flowers are velvety crimson red and fragrant. Lush dark green foliage. Full sun. Recurrent.

Rosa x 'Frontenac'(PP9210) Frontenac Rose

Height: 3'- 4' Width: 3'- 4'

Flower Color: Pink Bloom Time: June - September

Shape: Upright Hardiness: Zone 3

An extremely floriferous winter hardy rose with medium pink semi-double 2" blooms. Blooms will almost completely cover the rose during peak bloom in June. The medium green foliage is resistant to powdery mildew and blackspot. Full sun. Everblooming.

Rosa x 'Hansa' Hansa Rose

Height: 4'-5' Width: 5'-7'

Flower Color: Fuschia pink Bloom Time: June - September

Shape: Broad rounded Hardiness: Zone 3

Vigorous, shrub rose with unique fuschia-pink blooms having a sweet fragrance. Medium glossy green foliage gives plant a nice texture. Large tasty red hips ripen after flowers fade in fall. Full sun. Recurrent.

Rosa x 'Henry Kelsey' Henry Kelsey Rose

Height: 6'- 8' Width: 5'- 6'

Flower Color: Red Bloom Time: June - September

Shape: Pillar Hardiness: Zone 3

A pillar type rose with trailing branches. Flowers are medium red with a bright yellow center. Spicy fragrant blooms are borne in clusters of 9-15 flowers with up to 25 petals each. Removal of old flowers encourages repeat blooming. Branches can be left up on a trellis with only minor spring pruning in Zone 3. Full sun. Recurrent.

Rosa x 'Hope For Humanity' Hope for Humanity Rose

Height: 4'- 6' Width: 4'-6'

Flower Color: Red Bloom Time: June - September

Shape: Upright rounded Hardiness: Zone 3

Striking, double, blood-red 3" blooms on a low growing shrub. Medium green glossy disease resistant foliage. Prolific bloom throughout the season. Full sun. Everblooming.

Rosa x 'John Cabot' John Cabot Rose

Height: 8'-10' Width: 5'- 6'

Flower Color: Fuschia pink Bloom Time: June - September

Shape: Pillar Hardiness: Zone 3

A pillar type rose with strong arching canes to 10'. This plant can be grown as a pillar or climber. Some pruning is required. Double 2 1/2" fuschia-pink blooms. Full sun. Recurrent.

Rosa x 'J.P. Connell' J.P. Connell Rose

Height: 3'-5' Width: 3'-5'

Flower Color: Yellow Bloom Time: June - September

Shape: Broad upright Hardiness: Zone 3

Clusters of 3"-3 1/2" double pale yellow flowers bloom from June until frost. The deep yellow buds open to blooms that are an attractive but pale yellow and fade to creamy white. Vigorous grower with an upright habit. Foliage is a rich, dark green. Full sun. Recurrent.

Rosa x 'RADrazz' (PP11836) Knock Out™ Rose

Height: 3' - 4' Width: 3' - 4'

Flower Color: Red Blend Bloom Time: June -September

Shape: Round Hardiness: Zone 4

Deep red buds open to large, single, cherry-red blossoms. The very disease resistant is foliage dark green tinged with burgundy. Bright orange-red hips add great fall interest. Crown hardy to zone 4. Full sun. Everbloomng.

Rosa 'MEIkrotal' (PP6087) Scarlet Meidiland™Rose

Height: 3' - 4' Width: 5' - 6'

Flower Color: Red Bloom Time: June - September

Shape: Broad spreading Hardiness: Zone 4

Clusters of vivid, double scarlet blooms, abundant from early summer until frost. Spreading habit with medium green, glossy foliage. Good Rambler for slopes or creeping over walls. May die to snow line in severe winters. Full sun to part shade. Recurrent.

Rosa 'MEIneble' (PP7116) Red Meidiland™ Rose

Height: 2'-3' Width: 4'-5'

Flower Color: Light red Bloom Time: June - September

Shape: Broad spreading Hardiness: Zone 4

Single red flowers from early summer until frost. Dark green foliage. Small orange-red hips provide winter interest. Vigorous, low, sprawling plant makes a great ground cover. Nice on slopes, banks, and in mass plantings. May die to snow line in severe winters. Full sun. Recurrent.

Rosa 'MEIpoque' (PP5956) Pink Meidiland™ Rose

Height: 3' - 4' Width: 2'-3'

Flower Color: Coral pink Bloom Time: June - September

Shape: Rounded Hardiness: Zone 4

Single pink flowers with white centers bloom from early summer until frost. Medium green summer foliage. Orange-red rose hips in fall that hold into winter for an interesting effect. Upright and bushy growth habit. May die back to snow line in severe winters. Useful for hedges or borders. Full sun. Recurrent.

Rosa x 'Morden Blush' (PP8054) Morden Blush Rose

Height: 3'- 4' Width: 3'- 4'

Flower Color: Pink Bloom Time: June - September

Shape: Rounded Hardiness: Zone 3

A compact hardy shrub rose that blooms with beautiful pale double pink flowers from June until frost. The blooms may fade to ivory in hot temperatures. Tolerant of alkaline soils. Attractive disease resistant foliage. Full sun. Recurrent.

Rosa x 'Morden Centennial' Morden Centennial Rose

Height: 4'- 6' Width: 4'- 6'

Flower Color: Medium pink Bloom Time: June - September

Shape: Broad rounded Hardiness: Zone 3

Large, 4" medium pink double flowers with a light fragrance. One of the best producers of showy orange hips in fall. Has excellent disease resistance and attractive foliage. Full sun. Recurrent.

Rosa x 'Morden Snowbeauty' Morden Snowbeauty Rose

Height: 3'- 4' Width: 3'-4'

Flower Color: White Bloom Time: June - September

Shape: Compact Rounded Hardiness: Zone 2

3 1/2" profuse, semi-double, snow-white blooms grace this very hardy new introduction. Medium green disease resistant foliage on a compact shrub. Everblooming. Full sun.

Rosa x 'Morden Sunrise' Morden Sunrise Rose

Height: 3'-4' Width: 3'-4'

Flower Color: Orange Blend Bloom Time: June - September

Shape: Compact rounded Hardiness: Zone 3

Bright yellow-orange buds open to 3", fragrant, semidouble blooms with a yellow petal base that blends to orange at the petal tip. Dark green glossy foliage with improved resistance to blackspot. Full sun. Everblooming.

Rosa x 'Nearly Wild' Nearly Wild Rose

Height: 2'-3' Width: 3'-5'

Flower Color: Pink Bloom Time: June - September

Shape: Broad spreading Hardiness: Zone 4

Floribunda: Shrub rose with fragrant, 2"-2 1/2" single pink flowers from June until frost. Attractive plant with a bushy habit. Vigorous and disease resistant. Useful in mass plantings as a ground cover. May suffer winter kill in zone 3 areas and in dry winters, but will quickly come back from the roots and bloom by mid-June. Full sun. Everblooming.

Rosa x 'Prairie Harvest' Prairie Harvest Rose

Height: 3'- 4' Width: 3'-4'

Flower Color: Yellow Bloom Time: June - frost

Shape: Rounded Hardiness: Zone 5

This Griffith Buck rose has shown good success in Zone 4 with some protection. The long pointed buds in clusters of up to 15 open to a fragrant, rich, yellow. Large, double blooms to 4 1/2". As the flowers age, the color mellows to a creamy yellow. Thick, leathery, and glossy medium green foliage is disease resistant. Full sun.

Rosa x 'Prairie Joy' Prairie Joy Rose

Height: 6'- 8' Width: 5'- 6'

Flower Color: Pale pink Bloom Time: June

Shape: Upright arching Hardiness: Zone 2

Double pale pink blooms in the early part of summer followed by light bloom through the season. Excellent disease resistance, it has proven to be the healthiest rose in our test garden to date. A great rose for hedging.

Full sun. Non-recurrent but with sporadic bloom throughout the season.

Rosa x 'Prairie Sunrise' Prairie Sunrise Rose

Height: 3'- 3' Width: 3'-4'

Flower Color: Apricot Blend Bloom Time: June - frost

Shape: Upright Rounded Hardiness: Zone 5

A lovely rose from Griffith Buck at Iowa State University. The very double and fragrant 4" blooms are a rich blend of yellow, warm pink and deep apricot with a yellow reverse that blends to pink.

Dense habit with

dark, glossy, disease resistant foliage. Full sun. Recurrent.

Rosa rubrifolia (glauca) Redleaf Rose

Height: 4'- 6' Width: 5'-7'

Flower Color: Pink Bloom Time: June

Shape: Broad upright Hardiness: Zone 2

Species rose: Attractive foliage is purple in sunny locations, but becomes gray-green with a mauve tinge in shadier places. Reddish-violet stems. Single pale pink 1 1/2" flowers in June. Very fragrant.

Flowers are followed by

bright red hips that hold into winter. Full sun. Non-recurrent.

Rosa x 'Sea Foam' Sea Foam Rose

Height: 2 1/2'-3' Width: 3'-5'

Flower Color: White Bloom Time: June - September

Shape: Groundcover Hardiness: Zone 4

Groundcover: Glossy, dark green, disease resistant foliage. Double white blooms have a light fragrance. May die to snow line in harsher winters. Full sun. Recurrent.

Rosa x 'Theresa Bugnet' Theresa Bugnet Rose

Height: 5'- 6' Width: 5'- 6'

Flower Color: Pink Bloom Time: June - September

Shape: Upright arching Hardiness: Zone 4

Dark red buds which open to large, 2" double pink flowers. Very fragrant. Foliage is an attractive blue-green color. Blooms on old wood. A great hedge rose. Full sun. Recurrent.

Rosa x 'William Baffin' William Baffin Rose

Height: 6'-10' Width: 5'- 6'

Flower Color: Pink Bloom Time: June - September

Shape: Pillar Hardiness: Zone 3

Explorer series: A hardy pillar type rose with arching stems. Semi-double, bright medium pink flowers are borne in clusters up to 30. Individual flowers are 2 1/2" across and slightly fragrant. Easily trainable to a trellis. The hardiest rose we have trialed. Full sun. Recurrent.

Rosa x 'Winnipeg Parks' (PP9122) Winnipeg Parks Rose

Height: 3'- 4' Width: 3'- 4'

Flower Color: Light red Bloom Time: June - September

Shape: Low compact Hardiness: Zone 3

Parkland series: Low growing shrub rose. Medium green disease resistant foliage is accented by red new growth. Double 3" blooms are a bright light cherry-red. Shows good tolerance of alkaline soils. Full sun. Recurrent.
